A meeting of a number of persons is to be holden this afternoon at 3 o'clock at the house of Mr. Wm. Carr near Mr. Patten's church to examine into the case of Rev. J. H. Fairchild. The [illegible] case is to be assisted by Hon. Mr. Abbott of Cambridge and we are therefore desirous to have as persons to advise us. We applied to Mr. E. Brooks but he is engaged and cannot assist us. Some of us called at your house this forenoon but you were absent we have therefore been obliged to address you a note. If you can attend this afternoon you would much oblige us, and if you are not positively engaged we hope you will not fail to be present.

With much respect
Yours &c
Winton
